

Steps to create a GED.com account

Your name on your account must exactly match your identification document that will be presented at the test centre. If your name does not match you will not be able to sit for your exam and you will not receive a refund.

Please note that students are required to provide one valid form of identification.

- The ID must be government issued and **non-expired**.
- It must also include the student's name, date of birth, **signature**, and photograph.
- Students can provide more than one form of identification to meet the requirements above.

If the student does not provide the proper IDs, the student will **NOT** be allowed to test.

After completing the survey, you get to a page labelled **MyGED® Dashboard**

If the screen says “You have an alert”, this is because you are under 18 and need a parent to sign a consent form.

If you are over 18, it will say “Start Scheduling” and you can continue through the online booking process.

Select the button that says “Start Scheduling” OR

Click “Clear my Alert” and download and print the form which must first be signed by both the parent and the candidate, scanned and emailed back to help@ged.com. **Make sure you use your full name as it appears on your identity document and on your newly created GED account when you do this.**

Within 24 hours you should receive an email stating that your age requirement has been approved. You can then log in to the website again, and start scheduling your test.
